SECTION VI. NON-CONFORMING BUILDING USES

The use of any building or land at the time of the enactment of this Resolution may be continued although such use does not conform to the provisions of this Resolution for the district in which such non-conforming use is located, subject to, however, the following provisions:

A. Construction Started Prior to Resolution.

Nothing herein contained shall require any change in plans, construction, or use of a building, the actual construction of which shall have been begun prior to the adoption of this Resolution and which entire building shall be completed according to such original plans within six (6) months of said time of adoption.

B. Reconstruction, Alteration, and Extension of a Non-Conforming Building or Structure.

A non-conforming building or structure may not be reconstructed, altered, or extended.

F. Sexually-Oriented Business.

No building or property shall be used for a sexually-oriented business as defined by the following:

1. It is the purpose of this section to regulate sexually oriented businesses to promote the health, safety, morals, and general welfare of the citizens of the Township, and to establish reasonable and uniform regulations to prevent the concentration of sexually oriented businesses within the Township. The provisions of this section have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. There is convincing documented evidence that sexually oriented businesses, because of their very nature, have a deleterious effect on both the existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime and the downgrading of property values.

The Board of Trustees desires to minimize and control these adverse effects and thereby preserve the property values and character of surrounding neighborhoods, deter the spread of suburban blight, protect the citizens from increased crime, preserve the quality of life, and protect the health, safety, and welfare of the citizenry.

2. A sexually oriented business is one which is designed and used to sell, rent, or show sexually explicit materials distinguished or characterized by an emphasis on "Specified Sexual Activities;" or "Specified Anatomical Areas" as herein defined and is more particularly, but not exclusively, defined as meaning an adult arcade, adult bookstore, adult video store, adult cabaret, adult motel, adult motion picture theater or adult theater, or massage business.

G. Mobile or Portable Structures and Equipment, Recreational Vehicles, Swimming Pools, and Storage Tanks.

All mobile or portable structures and equipment, recreational vehicles, safety items regarding swimming pools, fences around swimming pools, and storage tanks as defined in Section V O 1,3, and 4 shall be brought into compliance within twelve (12) months of the Current Zoning Resolution effective date.

(B) Authorize, upon appeal, in specific cases, such variance from the terms of the zoning resolution as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the resolution will result in unnecessary hardship, and so that the spirit of the resolution shall be observed and substantial justice done;

(C) Grant conditional zoning certificates for the use of land, buildings, or other structures if such certificates for specific uses are provided for in the zoning resolution. If the board considers conditional zoning certificates for activities that are permitted and regulated under Chapter 1514. of the Revised Code or activities that are related to making finished aggregate products, the board shall proceed in accordance with section [519.141](#) of the Revised Code.

At the hearing, the holder may appear in person, by the holder's attorney, or by other representative, or the holder may present the holder's position in writing. The holder may present evidence and examine witnesses appearing for or against the holder. If no hearing is requested, the board may revoke the variance or certificate without a hearing. The authority to revoke a variance or certificate is in addition to any other means of zoning enforcement provided by law.

In exercising the above-mentioned powers, the board may, in conformity with such sections, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may make such order, requirement, decision, or determination as ought to be made, and to that end has all powers of the officer from whom the appeal is taken.
